MAYA PROJECT BACKGROUND

PROJECT BACKGROUND

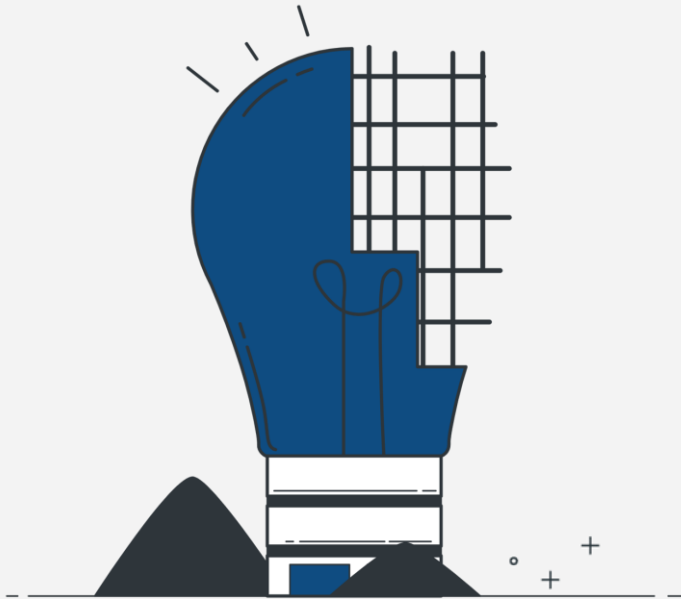

- Following the Statistics on young people neither in employment nor in education or training (NEET) of June 2021 from Eurostat, there is a considerable difference between the sexes about the proportion of NEET young adults.
- In 2020, more than one fifth (24.3 %) of young women (aged 25–34) in the EU were NEETs, while the corresponding share among young men was 7.7 percentage points lower, at 15.3 %. The 67.5% of young NEETs in this age group are inactive and discouraged and stopped looking for work because they believe there are no job opportunities (Eurofound, 2016).

02

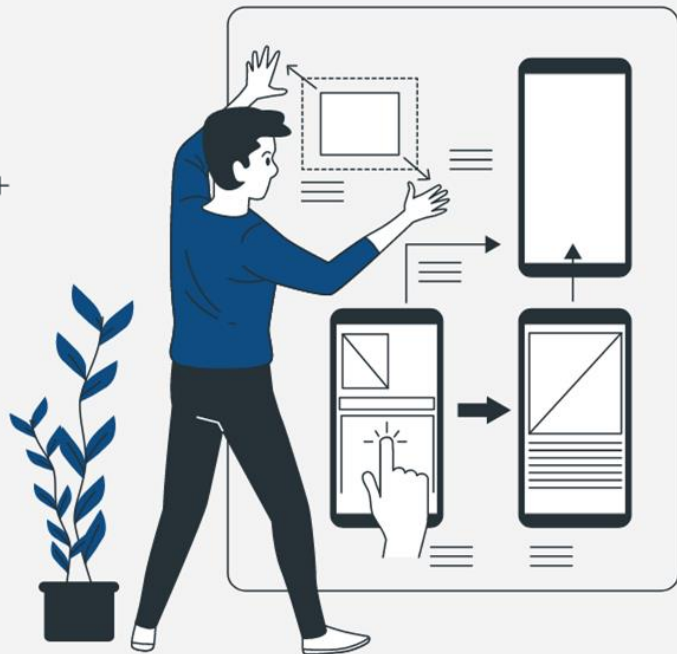

MAYA PROJECT OBJECTIVES

MAYA PROJECT OBJECTIVE

The main objective of the MAYA project is to reinforce the professional dimension but also to develop social and personal basic skills such as the approach to the personal relationships and the management of their emotional side of young adult inactive NEET women (YAINW) through a method - based on the Montessori method

03

MAYA PROJECT TARGET GROUP

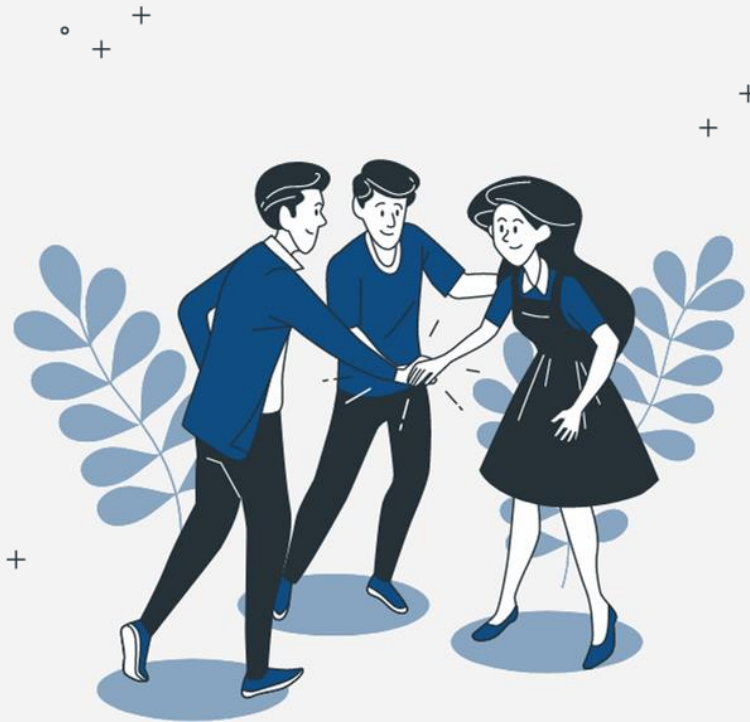

MAYA PROJECT TARGET GROUP

- **TG1** Young Adult Inactive NEET Women (YAINW) aged 25-29 at risk of being left outside the labour market or trapped in vulnerable situations or low-quality employment, due to a lack of (also) personal, emotional and relational skills, absence of quality jobs, and gendered expectations of their roles.
- **TG2** Youth workers. They can engage with marginalized and excluded young people; many already do so with limited resources and in circumstances where they address other needs.

MAYA PROJECT

WP4: MAYA Actions and Experiences collection

WP4 Aims

Following the project's objectives, "ensure that the necessary supports are in place to assist targets and communities in finding innovative responses to identified challenges and opportunities" this WP aims to test out and implement the project's products with a wider public.

This process, which we call roll out, wants to involve a sample from VET providers and selected targets that would go through various activities that would bring companies to set a plan for new organizations' design. This action will have a specific space in the platform to find tools for generating plans and being inspired.

WP4 Results

The results of this WP are:

- enable to "generate actions«
- Compendium of experiences that collects feedback about the usage of tools and platforms and the experiences in making plans and trying to Strengthen the employability of young adult Inactive NEET women. The Compendium will be composed of 2 parts:
 - **part A** instructions and details of all the products of the project
 - handbook, curriculum, mentoring program, videos/capsules/tools and templates. Part A is a tracklist of the project, a methodology that sets the main points, and a guide for the transferability of the project.
 - **part B** compendium experience and narrative
 - a collection of feedback and experiences about the project's products with strengths, weaknesses and recommendations.
